

Make the work visible.

A construction worker, a Black man, is shown in profile, looking towards the right. He is wearing a white hard hat and a high-visibility yellow safety vest over a dark jacket. He is holding a black tablet computer with both hands. In the background, there is a large building under construction, heavily scaffolded. Another worker in a similar safety vest is visible in the distance, working on the structure. The sky is overcast and grey.
